

# Lazy Token - Whitepaper

## Introduction

Lazy Token is a deflationary meme token built on the Binance Smart Chain (BSC) network. It is community-driven and aims to increase in value over time through a strong burn mechanism.

## Lazy Token's Purpose and Vision

Lazy Token provides a completely investor-friendly model with zero transaction tax. The goal is to build a strong community and ensure long-term growth.

## Tokenomics

Total Supply: 1,000,000,000 LZY

Burn Plan:

- 27.7% Burn at Launch (277,060,000 LZY)
- 21.7% Burn After 1 Month (156,880,000 LZY)
- 1% Auto-Burn Per Transaction (Until total supply reaches 100M LZY)
- 0% Transaction Tax (Fully investor-friendly)
- 15% Team Allocation (5% vested every 3 months)
- 15% Reserved for DEX & CEX Liquidity

## Burn Mechanism

Lazy Token employs a deflationary model to reduce total supply over time. 1% of each transaction is automatically burned until the total supply reaches 100M LZY.

## Roadmap

Phase 1: Website and social media accounts launched

Phase 2: Binance Smart Chain (BSC) Mainnet launch

Phase 3: Listing on PancakeSwap, liquidity provision

Phase 4: CoinMarketCap (CMC) and CoinGecko listing

Phase 5: Applying for major centralized exchange (CEX) listings

Phase 6: Growing the community and expanding the project

## Security and Transparency

# Lazy Token - Whitepaper

Smart Contract: Auditable contract deployed on Binance Smart Chain

Transparency: All burn transactions and liquidity details are trackable on BscScan

Secure Liquidity: Token liquidity will be locked and open for public access

## How to Buy Lazy Token?

1. Install Metamask or Trust Wallet
2. Connect to the Binance Smart Chain (BSC) network
3. Add Lazy Token contract address on PancakeSwap
4. Purchase LZY using BNB!

## Frequently Asked Questions (FAQ)

1) What is Lazy Token and its purpose?

Lazy Token is an investor-friendly, deflationary meme token aiming for long-term growth.

2) How does the burn mechanism work?

- 27.7% will be burned at launch
- 21.7% will be burned after one month
- Additionally, 1% of each transaction will be burned until 100M LZY remains

3) How can I buy Lazy Token?

You can buy it using Metamask or Trust Wallet via PancakeSwap.
